**El Condor Pasa**

Very free, rubato

1. Stabilize the right hand by placing the thumb against the soundboard, just above the sound hole.
2. With your middle finger, brush the strings back and forth as quickly and evenly as possible.

Using the back of the nail and starting with the pinkie finger, roll the chord by flaring the fingers lightly over the strings.

*(rasgueado): Using the back of the nail and starting with the pinkie finger, roll the chord by flaring the fingers lightly over the strings.*
